BVRLA Meeting Rules – UK Competition Law Compliance

All BVRLA meetings and events, including social events, are subject to the application of competition law and therefore must be conducted in compliance with competition law. Any business information which is sensitive or strategically useful must not be discussed, including any reference to pricing, margins, discounts, trading terms, use of third-party suppliers or market share. Members are reminded that failure to comply with competition law may bring with it serious consequences for them as individuals and their companies. Such consequences include heavy fines and, in certain cases, the imposition of criminal penalties and sentences.
